

TABLE 1. Number, incidence rate¹, and median days² away from work for nonfatal occupational injuries and illnesses involving days away from work³ for musculoskeletal disorders⁴ by nature of injury or illness and ownership, Maryland, 2013

Nature	Musculoskeletal disorders (MSDs)		
	Number	Incidence rate	Median days away from work
Total private industry ^{5,6,7}	5,430	31.9	9
Traumatic injuries and disorders	5,370	31.5	9
Traumatic injuries to muscles, tendons, ligaments, joints, etc.	4,070	23.9	8
Dislocations	30	.2	140
Herniated discs	30	.2	140
Sprains, strains, tears	3,890	22.8	7
Sprains, strains, tears, unspecified	240	1.4	9
Major tears to muscles, tendons, ligaments	160	1.0	21
Sprains	860	5.0	7
Strains	2,610	15.3	6
Multiple sprains, strains, tears	20	.1	180
Hernias due to traumatic incidents	140	.8	15
Other traumatic injuries and disorders	1,270	7.5	10
Nonspecified injuries and disorders	1,270	7.5	10
Soreness, pain, hurt—nonspecified injury	1,230	7.2	9
Swelling, inflammation, irritation—nonspecified injury	40	.2	180
Diseases and disorders of body systems	60	.3	36
Nervous system and sense organs diseases	30	.2	36
Disorders of the peripheral nervous system	30	.2	36
Carpal tunnel syndrome	30	.2	36
Musculoskeletal system and connective tissue diseases and disorders	20	.1	17
Soft tissue disorders, except the back	20	.1	30
Total state government ^{5,6,7}	440	46.9	9
Traumatic injuries and disorders	430	45.5	9
Traumatic injuries to muscles, tendons, ligaments, joints, etc.	390	41.1	9
Sprains, strains, tears	390	41.0	9
Sprains, strains, tears, unspecified	20	1.6	26
Sprains	210	22.6	12
Strains	160	16.5	6
Other traumatic injuries and disorders	40	4.4	5
Nonspecified injuries and disorders	40	4.4	5
Soreness, pain, hurt—nonspecified injury	40	4.4	5
Total local government ^{5,6,7}	1,010	60.3	14

See footnotes at end of table.

TABLE 1. Number, incidence rate¹, and median days² away from work for nonfatal occupational injuries and illnesses involving days away from work³ for musculoskeletal disorders⁴ by nature of injury or illness and ownership, Maryland, 2013 — Continued

Nature	Musculoskeletal disorders (MSDs)		
	Number	Incidence rate	Median days away from work
Traumatic injuries and disorders	1,010	60.0	14
Traumatic injuries to muscles, tendons, ligaments, joints, etc.	910	54.5	14
Cartilage fractures and tears	50	2.9	180
Meniscus tears	50	2.9	180
Sprains, strains, tears	860	51.1	13
Sprains, strains, tears, unspecified	70	4.3	28
Major tears to muscles, tendons, ligaments	20	1.3	102
Sprains	110	6.7	5
Strains	640	38.4	14
Other traumatic injuries and disorders	90	5.5	54
Nonspecified injuries and disorders	90	5.5	54
Soreness, pain, hurt—nonspecified injury	70	4.3	54
Swelling, inflammation, irritation—nonspecified injury	20	1.2	2

¹ Incidence rates represent the number of injuries and illnesses per 10,000 full-time workers and were calculated as: $(N/EH) \times 20,000,000$ where

N = number of injuries and illnesses
EH = total hours worked by all employees during the calendar year

20,000,000 = base for 10,000 equivalent full-time workers (working 40 hours per week, 50 weeks per year).

² Median days away from work is the measure used to summarize the varying lengths of absences from work among the cases with days away from work. Half the cases involved more days and half involved less days than a specified median. Median days away from work are represented in actual values.

³ Days-away-from-work cases include those that resulted in days away from work, some of which also included job transfer or restriction.

⁴ Musculoskeletal disorders (MSDs) include cases where the nature of the injury or illness is pinched nerve; herniated disc; meniscus tear; sprains, strains, tears; hernia (traumatic and nontraumatic); pain, swelling, and numbness; carpal or tarsal tunnel syndrome; Raynaud's syndrome or phenomenon; musculoskeletal system and connective tissue diseases and disorders, and when the event or exposure leading to the injury or illness is overexertion and bodily reaction, unspecified; overexertion involving outside sources; repetitive motion involving microtasks; other and multiple exertions or bodily reactions; and rubbed, abraded, or jarred by vibration.

⁵ Excludes farms with fewer than 11 employees.

⁶ Data for Mining (Sector 21 in the *North American Industry Classification System*-- United States, 2007) include establishments not governed by the Mine Safety and Health Administration rules and reporting, such as those in Oil and Gas Extraction and related support activities. Data for mining operators in coal, metal, and nonmetal mining are provided to BLS by the Mine Safety and Health Administration, U.S. Department of Labor. Independent mining contractors are excluded from the coal, metal, and nonmetal mining industries. These data do not reflect the changes the Occupational Safety and Health Administration made to its recordkeeping requirements effective January 1, 2002; therefore, estimates for these industries are not comparable to estimates in other industries.

⁷ Data for employers in rail transportation are provided to BLS by the Federal Railroad Administration, U.S. Department of Transportation.

Note: Dash indicates data do not meet publication guidelines. Because of rounding and data exclusion of nonclassifiable responses, data may not sum to the totals.
